

Wally and Lorraine Ripple

Wave 5-17-89

Ross Wallace (Wally) Ripple is the son of Ross and Thilda (Anderberg) Ripple. He was born Dec. 10, 1922. He was raised and attended schools in Provo.

Lorraine, the daughter of Fred and Rea (Stubs) Adamson, was born July 1, 1923, was also raised in Provo. She met Wally in the seventh grade. Wally asked for a date. At first, Lorraine said all right, but after getting home from school, she became frightened, and called Wally and told him she couldn't go on their date because she needed to babysit.

One year later, they became not only classmates, but sweethearts. At one of their class reunions, they were honored as one of the classes longest sweetheart couples. Married April 25, 1940 in Heber City (later solemnized in the Salt Lake LDS Temple). Wally and Lorraine raised five children: Paul, of Palmyra; Leslie Ann (Riggins), Great Falls, MT.; Shelia (Kindler), Evanston, WY; Ty, Huntington, and twin brother, Todd, Provo. They have thirteen grandchildren, and two great-grandchildren.

Wally worked as a salesman for Banquet Better Foods, Meadow Gold, Continental Baking, and at one time was a substitute carrier for the U.S. Postal Service (five years). Finally, the desire to have their own business brought Wally and Lorraine to open Ripples Drive-in at 3225 North Canyon Road in Provo. After thirty-two years as

Down," "Telephone Call," and a local Stake production).

Having bred and raised Morgan horses for fifteen years, Wally says Paul is the real trainer in the family. They have traveled to Colorado, Idaho, New Mexico, and California in competition. Winning the "Trailer" race, and "High Point Horse" are just a few of his talents.

Wally serves as member of the Wasatch County Hospital Board of Directors. As active members of the LDS Church, both have held positions in all the organizations. Moving to Wallsburg after purchasing their property nineteen years ago was an added plus for this community. Thanks to giving neighbors like Wally and Lorraine many in or community have garden vegetables, eggs, etc. left at the door step regularly. Just another gesture from the Ripples!

Get well soon to Lyle Davis, who recently underwent knee surgery. Lyle is recovering at home after undergoing orthoscopic surgery on his left knee.

Dewy Atwood thanks everyone involved with the clean-up campaign. "We're on our way to a more beautiful community," states Dewy. Spring Creek and other sites are targeted for a beautification program. It will be nice to see children and adults enjoying the Spring Creek as a recreation site soon.

Wasatch Brings Home Four State Champions!

Even though both the boys and the girls teams from Wasatch had to settle for 3rd place in the state 2A track meet held last Saturday at BYU, they were able to bring home four individual championships due to the performance of Diana Besendorfer, Jenny Kinsel, Nick Larsen and Gary Hill. Diana won the 300 meter hurdles for the second year in a row with a time of 47.00 seconds, almost a full second in front of second place Millard
